OBJECTIVE

Seeking a partime job in the IT industry

EDUCATION

University of Engineering and Technology   **2017**
(Vietnam National University)
Computer Science Department

EDUCATIONAL PROJECTS

Hero Rescue, C/C++ Developer   *Basic Programing*
 C++, SDL,C++_OOP, WINAPI , Visual studio Community edition
Build a game which inspire from a smartphone game name (Soul Knight). The project shows the understanding about C++ OOP and application analysis
Source code of project: https://github.com/coldblood101/Hero-Rescue

Responsibility

➢ Analyze and design hold project.

➢ Coding and unites module

Learned Lessons

➢ Experience in multithread and synchronize programming

➢ Lack of planning is cause of fail behind schedule

Robot Maze, C/C++   *Mentor laboratory side project*
C++, SDL,C++_OOP, WINAPI, Code::Block Mingw-setup
 Design and create an application which help student get to known about basic programming courses through a simple maze game and develop to be a simulation for robot controller later on. The project shows the understanding about C++ OOP and application analysis
Source code of project: https://github.com/coldblood101/robot-maze.git

Responsibility

➢ Analyze and design hold project.

➢ Coding and unites module: keep calculation history

➢ Writing Instruction Document

Learned Lesson s

➢ Experience in variety of maze building algorithm

➢ Lack of planning is cause of fail behind schedule

Sino-Days of future past , Web Developer   **Team X** *Art Hackathon (25/7/2020), Team of 5*
HTML, CSS, JS, SCSS, React, Fire Base
Create a Website to spread the traditional Sino-Vietnamese
Source code of project: https://github.com/hbl-cuongvq/hackathon-sino-vietnamese

Responsibility

➢ Took part in Design content and ideal

➢ Codding backend

➢ Animation support

INTERNSHIPS

FPT Software Academy C/C++ developer internship	1/8/2020-9/9/2020 Certificate id: FSOFT_GST_3846

TECHNICAL SKILLS

Programming	Java, Junit, C/C++, Python, MIPS, React
Frameworks	Spring, Java Swing, SDL, SFML, WINAPI, Arduino, Processing
Databases	MySQL, SQL Server, MongoDB, Firebase
Tools	Eclipse, MySQL Workbench, Code::Block, Visual Studio Code, Sublime Text, Ada

SOFT SKILLS

Problem solving   Self-motivation

VOLUNTEER EXPERIENCES

Blood Donor Day   **Ha Noi , 2020**
National Blood Hospital

INTERESTS

Ethical Book   Programming book   Novel
